Current photograph (not more than one year old). The uniform for this photograph shall be Summer Khaki to provide maximum photographic clarity. Summer White may be used where Khaki is not authorized: however, significant loss of detail may occur in the resulting photograph. The photograph shall display a full-length three-quarter view of the applicant in the prescribed uniform, uncovered, with the left shoulder forward, against a plain contrasting background, in a size approximately 4 inches in width and 5 inches in height. Background shall be flat and provide sufficient contrast to highlight details of uniform. When an authorized Navy photographic laboratory or an alternate support facility is unavailable, any photograph may be produced which complies as closely as possible with the requirements specified above. For officers, these are the same requirements specified for official file photographs. Navy E-6 applicants may wear Summer White or Winter Working Blue, depending on the season. Marine Corps and Coast Guard applicants are to be photographed in a comparable uniform as specified for Navy applicants.
